Notes

Room capacities (cited by the Resort) are maximum, but max. occupancy by adults would be crowded. Max room capacity best for adults + children. While Resort room capacity in some cases (Family rooms) may be higher, we advise capacities as listed.

Non-swimmers attract same rates as swimmers. This is because non-swimmers usually wish to come with us on boats on escorted swims. It's a lovely morning out.

We advise selecting room standards from Reef and higher, due to location of room standards around the Resort and proximity to the beach.

Rates quoted above are for one or two guests per room. Rooms with more than 2 guests subject to separate quotes. We issue one invoice per room. Rooms with multiple singles must have a room 'captain' for ease of communication and invoicing. We accept only single payments per room. Separate payments per room (such as from each occupant of the room) will incur an administration fee of \$200pp.

We do not put singles together to share rooms, although singles may find each other to share.

Package based on all meals, one key swim activity per day + morning swim. Other activities available from Resort, both free and at cost. Alcoholic drinks not included except for Welcome Reception on Night 1.

Accommodation may be required in Gladstone prior to/after depending on flights. Flights and Gladstone accommodation are not included in these packages.
